

*Welcome to the*

# VIRTUAL CLC

Walk-in tutoring is temporarily suspended to protect the health of Chemistry Learning Center users & staff. The CLC is going online to help you with general chemistry! Scan the QR code below or visit us at:

**[chemistry.illinois.edu/clc/virtual-clc](https://chemistry.illinois.edu/clc/virtual-clc)**

- **Post questions on the Chemistry Learning Piazza.** Include a picture of the question and your work so far to get assistance from general chemistry TAs, Monday through Saturday.
- **Visit the CLC's drop-in Zoom hours** Monday through Friday from 12 – 6 pm. CLC TAs are waiting to answer your questions!
- **Schedule time to meet with a CLC TA from your course.** Up to 4 students can book the same time slot, so it's possible to get help from classmates too!

Check the Virtual CLC website frequently for the most up-to-date information.

For detailed explanations of common sticking points, be sure to visit the **CLC's online tutorials**, written specifically for Illinois students:

**[chemistry.illinois.edu/clc/tutorials](https://chemistry.illinois.edu/clc/tutorials)**
