

# Getting Started iClicker REEF Guide for Students

## Install and Download

Before you use iClicker REEF, we recommend you install the application on your mobile device. Start by going to <https://www.iclicker.com/students/> and click **Download** the appropriate Student App for your mobile device.

## Set Up and Log in

**STUDENT WEB PORTAL** (<https://app.reef-education.com/#/login>)

### Sign up for an account

1. Find and select our institution "UIUC School of Chemical Sciences".
2. Enter your full name, @illinois.edu email address, NetID and create a password.
3. Agree the Privacy Notice and Terms of Use and select **Create Account**.

### STUDENT APP

1. Once the Student App is installed, enter your @illinois.edu email address and established password and click the **Sign In** button.

## Where do I find my course?

Your course staff will enroll your @illinois.edu into the appropriate course sections.

You don't have any courses.

Add a course to start using iClicker Reef.

1. Use the **+** icon in the upper right, select your institution and enter the course name or search by TA's name or NetID.
