

Research in a Non-Chemistry Lab

Student Name	
Name of Direct Non-Chemistry Advisor	
Research Advisor's Department	
Semester that you are requesting credit for	
How many hours do you spend working in this lab per week?	
How many credit hours of research are you registering for? 5 hrs. per week = 1 credit 10 hrs. per week = 2 credits 15+ hrs. per week = 3 credits	
When did you start doing research in this lab?	
Which Research Course is this petition for? CHEM 197 Freshmen CHEM 297 Sophomore CHEM 397 Junior CHEM 497 Senior	
Chemistry Advisor of Record	
Chemistry Advisor's explanation justifying that the research has a substantial chemistry component (i.e., that the research is something that the Chemistry faculty would generally agree is "chemistry" rather than something else)"	

The student needs to provide us with 5-6 sentences indicating justification of substantial chemistry component.

The Advisor of Record should provide us with a statement of how the student's research will actually be overseen by the Advisor of Record. Will regular brief meetings between the student and Advisor of Record take place, and how frequently.

Signature of Chemistry Advisor
